### MEET YOUR NEW COUNCIL

The Town of Oliver officially has a new Council. Mayor Martin Johansen, Councillors Petra Veintimilla, David Mattes, Aimee Grice, Terry Schafer, and Water Councillors Rick Machial and Bhupinder Dhaliwal. Congratulations to all! 🎉

### DOG LICENCE RENEWAL

We don't mean to **hound** you but being a new year; it's time to renew your dog's pet license. We'd be **paws-itively** thrilled to give you \$5.00 off the yearly \$30.00 fee if you come in before January 31st to renew your dog's license. 🐾

### SNOW CLEARING

We will do our very best to make all roads and sidewalks as safe as possible but we cannot turn winter roads into summer roads. Slow down and be safe.

Your cooperation really does help a lot on those busy snow days. Please move vehicles off the street, do not pass a snow plow, clear the snow off your vehicle so it doesn't blow onto the car behind you, don't throw snow, ice or other material from your property onto the road or sidewalk, drive with caution, and please watch for pedestrians.

Oliver Merchants you are required to perform snow and maintenance on municipal sidewalks adjacent to your property, for the safety of the public.

We need somewhere to put all that snow. Unfortunately, we can't just throw it back up into the sky but wouldn't it be nice if we could?

### NEW CORPORATE OFFICER

The Town of Oliver has a new Corporate Officer!

Rochelle Lougheed has been the Town's Deputy Corporate Officer since 2021. With the retirement of Diane Vaykovich, Rochelle was promoted into the Corporate Officer role. Rochelle's duties include administering oaths, certifying copies of bylaws and other documents, providing accurate minutes of council and council meetings, certifying copies of bylaws and accepting notices on behalf of council. Congratulations Rochelle!

### UTILITY INVOICES WATER LEAK NOTIFICATION

See a red **leak notification** on your invoice?

F95 Metered Water Consumption \$0.75 per CMT  
 1564842924 01/02/22 Current Reading 583.05 17/12/21  
 Continuous Leak Detected every day for the last 35 days

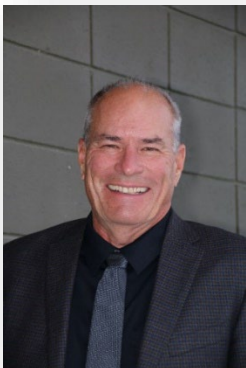

Data from your water meter indicates a possible water leak. The meter indicates that there has been continuous water flow. This could signify a water appliance that is continuously using water or it could warn of a leaky valve or connection. If accessible, you can monitor the meter yourself using the "How To Read Your Water Meter" available on our Online Services page.

**Please contact our Utility Technician at 250-485-6253 or email [finance@oliver.ca](mailto:finance@oliver.ca) for assistance or more information.**

### MESSAGE FROM THE MAYOR

I would like to take this opportunity to wish everyone health and happiness in 2023. As we look forward to the new year I'm humbled to serve once again as your Mayor, and I'm honoured to be working alongside this wonderful Council team that you have elected to serve our Town for the next four years.

The new Council is committed to governing as a team and working together to ensure we leave a legacy that serves our citizens proudly into the future. Not all decisions will be easy ones, however I'm confident your new Council is prepared to study and discuss issues in a transparent manner and govern with vision.

The strength of our community comes from engaged and passionate citizens, who care about this place we call home. We also have a great team of dedicated and committed staff who work tirelessly to deliver the quality services residents have come to expect.

Serving community is an honour, and on behalf of our newly elected Council, we want to thank you for the trust you have placed in each of us. I'm excited about what the future holds for the Town of Oliver, and know that together, we're going to make great things happen.
